### **Dazzee IT's Shane Naugher Named 2026 MSP Titans of the Industry Awards Finalist**

**Southwest Missouri technology leader selected as one of just 10 finalists nationwide in the Government / Public Sector category**

**(BRANSON, MO September 16, 2026)** Shane Naugher, co-owner of Dazzee IT, has been named a 2026 MSP Titans of the Industry Awards Finalist in the Government / Public Sector category, placing him among just 10 finalists nationwide selected in the category.

The MSP Titans of the Industry Awards recognize excellence, innovation and commitment within the managed services industry. According to the awards organization, a panel of industry experts evaluates applicants on criteria including business growth, service excellence, cybersecurity innovation, customer impact and leadership in the MSP space before selecting the top 10 applicants in each category as finalists.

For Naugher, who has spent more than 25 years in technology and cybersecurity, the recognition represents both a significant professional milestone and an achievement for the entire Dazzee IT team.

“To have the work we’re doing at Dazzee recognized at this level is an incredible honor,” said Naugher. “Our team cares about helping the organizations we serve use technology securely, strategically and effectively. Being named a finalist is really a reflection of our incredible team at Dazzee who show up every day committed to doing exceptional work for our clients.”

Based in southwest Missouri, **Dazzee IT** provides managed IT, cybersecurity and strategic technology solutions to businesses and public-sector organizations. The company works with local governments and other organizations that rely on secure, dependable technology to provide essential services to their communities.

Dazzee’s approach extends beyond traditional IT support, with an emphasis on cybersecurity, long-term technology strategy and becoming a trusted technology partner to organizational leadership.

“What makes this recognition especially meaningful is knowing where Dazzee started and seeing the impact our team is making today,” said **Sharena Naugher, co-owner and Marketing Director of Dazzee IT**. “Shane has always believed that great IT should do more than keep computers running. It should protect organizations, empower their people and help leaders make better decisions. To see that philosophy and the work of our entire team recognized on this kind of stage is something we are incredibly proud of.”

The finalist recognition also puts a national spotlight on the technology and cybersecurity expertise being built in southwest Missouri. From its home in the Ozarks, Dazzee IT serves organizations facing many of the same cybersecurity, compliance and technology challenges confronting organizations across the country.

The **2026 MSP Titans of the Industry Awards** will take place **December 8–9, 2026, at The Beverly Hilton in Beverly Hills, California**. The event culminates December 9 with dinner, awards and entertainment, with **Rob Lowe and David Spade** appearing as this year's headliners.
